Ayer's CATHARTIO PILLS.

From a Forwarding Merchant of St. Louis, Feb 4, DR. Aver: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

From Dr. E. W. Cartwright, New Orleans.

Your Plus are the prince of purges. Their excellent qualities surpass any enthartic we possess.
They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AVER: 1 cannot answer you what complaints I have curved with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on that effectual eathartic in my daily contest with disease, and believing, as I do, that your Pills sufford us the best we have, I of course value them highly.

Petrapuse Pe. May 1, 1855.

Billous Disorders — Liver Complaints.
From Dr. Theodore Bell, of New York City.
Not only are your Pillsadmirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the oure of bidious complaints than any one remedy! an mention I sincerely rejoice that we have sit be 19th a purgative which is worthy the confidence of hie yof-ssion and the people.

Deparatraent of the International Confidence of the yof-ssion and the people.

Sin: I have used your Pills in my general and hospital practice ever since you made them, and cannot hestiate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious discuss so obstinate that it did not readily yield to them. Fracternally yours, Alonzo Ball, M. D. Physician of the Marine Hospital.

Dysentery, Diarrhea, Heilax, Worms.

Dysentery, Diarrhæa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrheat. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

From Rev. J. V. Hinnes, Pastor of Advent Craurea, Boston.

Dr. Aver: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiceness. If others of our fraternity have found them as efficacious as I hive's they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiceness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleans the stomach and expel worms. They are so much the best physics we have that I recommend no other to my patients.

Notwithstanding, I lad the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your fills. We usually accord merit to the bluejackets for services rendered on such occasions—this time we think that some few of them were over-zealous in their voluntary labors. [Before His Lordship Chief Justice Needham.]

Sept. 2nd, 1868. This Court opened yesterday at 10 o'clock His Lordship's address to the Grand Jury congratulated the Colony upon the light calendar, which His Lordship thought would not only compare favorably with previous callendar, but with those of many of the counties of England. The number and character of the cases to be brought before their notice spoke highly for the protection afforded life

and property in this community. The following is a list of the Grand Jurors who answered to their names : R Beaven, T Allsop, M W Waitt, J A Raymur, T L Stablachmidt, C.J. Nicholson (foreman), E.H. Jackson, C A Bacon, R Finlayson, R Burnaby, R Harvey, M T Johntson, J R Stewart

In consequence of the non-attendance of · several of the Grand Jurors, His Lordship fined them in the sum of \$100 each; but the fines were subsequently remitted with a severe admonition that it would be the last indulgence of the kind given, as it was impossible to protect the interests of society if those summoned on the Grand Jury, did not

The Grand Jury retired and found true bills in the following cases: Kla. Qua Mishi, (Indian) perjury; Wm. Brown, stabbing with intent; Alfred Dudois, (Indian) stabbing with intent; Alexander Campbell, Arson. Two cases were thrown out.

Patrick Brennan, Larceny-In this case nollo presequi was entered, and he was discharged by the Judge with a severe admoni-Court of wrongfully branding cattle, would be dealt with to the utmost extent of the law. A similar admonition was addressed to Elijah Anderson, charged with resisting the Sherin in the execution of his duty, who was discharged, as a true bill was not found

The first case tried before the potty jury was that of Alexander Campbell charged with arson, in burning down the barn of Mr Bailey, Saanich road. No new evidence than that already given in our Police ports of the case was elicited, excepting the details confirmatory of the prisoner's voluntary confession. The jury, after a short deliberation, found a verdict of guilty, and he · was sentenced to 12 calendar months' imprisonment with hard labor. Mr Ring, prise oner's counsel applied to the Court for a remission of the hard labor, but the application was refused on the ground that the Court had already strained every point recommending clemency to the utmost.

Alfred Dudois was arraigned for stabbing with intent to wound. This case presented no features of interest to the public generally, being nothing more than a drunken row amongst some Indians. After an absence from Court of four hours and a half, the jury returned a verdict of cutting without intent. The prisoner will be brought up for sentence this morning at ten o'clock

THEATRE.—The performance for the benefit of Mr George Edwards takes place this even ing, and promises to be a great success. The pieces are well selected and will be presented by the members of the Pylades Dramatic Club. We feel assured that our citizens will appear in force to welcome the amateurs, and also as a compliment to the beneficiary, by whom they have so often been amused, and who is now about leaving Victoria. The Holloway's Ointment and Pills—Common sense, ever the best of all learning, becomes invaluable when its pratice will renovate broken health and reinstate soundness, strength, and vigour. Summer is the season for removing coughs, shortness of breath, wheezing, asthme, and all pulmonary disease inflicted on the delicate and careless by our rigorous winters, and Holloway's remedies are the means of effecting a happy transition from danger to safety. After the hara-said chest has been formented with scawaiter, or weak brine, and dried, this Ointment should be well rubbed into the skin, both in front and behind, between the blade-bones. Holloway's Pills should be taken to correct any functional irregularity; they will make each organ conform to health's requirements, entertainment will be enlivened by the excellent band of the Pylades. The box-office opens at 11 a. m., and no extra charge will be

made for reserved seats. POLICE COURT -D Chelvers, charged with another, with stealing a small sum of money from an Indian woman, was yesterday discharged on that count, but was convicted of an assault on same person, and was fined \$25 or two months' imprisonment. The case against an accomplice was postponed.

At least twenty persons were killed and about two hundred settlers left destitute, having been stripped of provisions clothing, bedding and everything that the Indians could carry away or destrey. Mexican advices say that Governor Hernandez, of Vera Cruz, has returned from his expedition to Madalle, where he made an ineffectual attempt to capture the insurgent leader, Pieto. The land and sea operations undertaken against the rebels of Alvarado and vicinity, had all failed, and the city of Vera Cruz was full of malcontents. French, Germans, Spanish and American business men espouse the cause of the Governor, and were aiding him to raise men and feed, as well as pay for his troops. The Governor had ordered cattle in the suburbs to te seized for their use. The rebels make raids within musket range of the city and the local authorities don't interfere. The civil authorities of the city are suspended. Colonel Ciminez, with a reinforcement of 500 cavalry. was expected at Vera Cruz to scour the country around. THESE different medicines represent the most recen nedical disoveries, founded on the principles of Chemstry and Therapeutics. They must not be confounded with secret or quack medicines, as their names suffic ently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine and have been proved efficacious, either in the hospitals or in the practice of the first medicalmen, are authorised by the Government.
